

SPRING MEETING
The Connecticut Raiser's Edge® User Group

Please join us for our Fall meeting of the CT Raiser's Edge User Group, designed to help RE users share experiences and learn more about the software from their peers. **Discovery Training Services** supports these meetings by serving as coordinator and registrar.

The **Franciscan Life Center** will hold our fall meeting. Please join our hostess, Rosellyn Giampietro, Director of Development. The topic is *Queries and Mining your database*. Whether a veteran or new to the position, every attendee will take away a new tip to query your database and find more ways to generate income. This is a great team training and networking opportunity to learn together, and brainstorm with industry experts!

Questions? Please call us at 203-269-2624.
